What we need from you

- Google Play and Apple developer accounts in your company name ($25 one-time and $99 per year; we guide you through both)
- Your logo, brand colours and real photos of your vehicles, team or work
- Your services, rates, surcharges and the areas you cover
- The phone, WhatsApp and email address bookings should go to
- One person who can test the app and approve each milestone within 48 hours

Reporting

Weekly test builds during the project, training for each team and a monthly support summary for three months.

How we measure success

Every role uses its own app or panel daily	**Customers can pay inside the app**	**No open critical bugs during the support period**

Price and terms

$8,000 one-time. 40% to start, 30% when you approve the test version, 30% when the apps are live. Payment gateway fees, App store fees (Google Play $25, Apple $99 per year), map usage and hosting are paid from your own accounts.

Timelines start once we have your content, rates and account access. App Store and Google Play review times are set by Apple and Google and are added on top. You own the app, the source code and all accounts it runs on.
