ACTION PLAN

Business App

App Development plan

$5,000
one-time

A custom app with accounts, your data and a web admin panel.

WHO IT'S FOR

Businesses that need a real working app: customer and staff accounts, jobs or orders stored in a database, and a web admin panel for the office.

WHAT YOU GET

A custom Android and iPhone app with up to 20 screens, accounts and roles, a web admin panel, photos, forms and PDF reports, and 30 days of support after launch.

What's included

Deliverable	What it means
Everything in Starter App	Design, sign-in, notifications, App Store and Google Play publishing.
Up to 20 screens	Planned around how your customers and staff actually work.
Accounts and roles	Customers and staff see different screens and data.
Web admin panel	Your office manages users, jobs, orders or bookings from a browser.
Photos, forms and reports	Photo uploads, checklists, signatures and PDF reports or quotes.
Maps and location	Addresses, routes or nearby results where the app needs them.
30 days of support	Fixes and small changes for 30 days after launch.

Step-by-step timeline

- **Week 1** — Workshop, user flows, screen plan and designs.
- **Weeks 2–5** — Build the app, database and admin panel in weekly releases.
- **Week 6** — Reports, notifications and polishing.
- **Week 7** — Testing with your team, your review and App Store and Google Play release.

Days 1–30 after launch Support period: fixes and small changes.

What we need from you

- Google Play and Apple developer accounts in your company name ($25 one-time and $99 per year; we guide you through both)
- Your logo, brand colours and real photos of your vehicles, team or work
- Your services, rates, surcharges and the areas you cover
- The phone, WhatsApp and email address bookings should go to
- One person who can test the app and approve each milestone within 48 hours

Reporting

Weekly test builds, a short training call for your team and a handover document.

How we measure success

Staff use the app for every job or order	**Office work done in the admin panel instead of spreadsheets**	**No open critical bugs at the end of the support period**

Price and terms

$5,000 one-time. 40% to start, 30% when you approve the test version, 30% when the app is live. App store fees (Google Play $25, Apple $99 per year), map usage and hosting are paid from your own accounts.

Timelines start once we have your content, rates and account access. App Store and Google Play review times are set by Apple and Google and are added on top. You own the app, the source code and all accounts it runs on.
